Republican Legislative Ticket.

The republican legislative convention of this district was held in Little Falls this afternoon, and the following nominations were made:

Crow Wing—W. A. Fleming.

Todd—Wm. E. Lee.

Mills—L. B. Dunn.

Morrison—Wm. Fuller.

Resolutions were passed endorsing C. K. Davis for United States senator.

This is the strongest ticket that could possibly be selected and insures four republican representatives in the next house.

A MEETING of the alliance or people's party has been called for Saturday evening, Sept. 24th, at Labor Hall on 10th street. The object of the meeting is to perfect an organization and determine the feasibility of placing a ticket in the field. They will probably do so, as several applicants for political position that we know of are anxious for some sort of public endorsement, and are willing to accept an alliance endorsement if nothing better can be secured.

The Journal editor doesn't seem to like Col. Plummer because, as he claims, Mr. Plummer makes republican speeches for what there is in it. Of course this is not true, as Col. Plummer is now, and always has been, an ardent republican, but it is because the Journal editor is a democrat, making prohibition speeches now and then. When he came to this city to start a paper, he saw it would be more profitable to become a republican, so Mammion went the day, and he became a republican, and in 1884 at a republican rally here, he was on the platform and made a speech against Grover Cleveland, whom he professes to admire so much now. After Cleveland's election and McDonald, of St. Cloud, was made register of the land office, the gentle Friar dropped into the democracy again on condition that he receive the land office printing which amounted to four hundred dollars a year. This all within the recollection of the writer, and the Lord knows how many times he changed back and forth, as inducements were offered, before that. And yet this is the man who would object to a speaker because he received pay for what work he did. Ye gods, what nerve!

THE COUNTY TICKET.

Every republican in the city and county can well feel proud of the result of Wednesday's convention, as a ticket has been nominated which is simply invincible. Every man on the ticket is capable and well qualified to fill the position for which he has been selected, and the result at the polls next November will indicate the approval of the people. The delegates elected to the legislative convention will present Mr. Fleming's name as Crow Wing's representative and he will be nominated and elected. He is almost unanimously considered the strongest candidate that could have been selected, and as to his ability and qualifications his political enemies will testify. Mr. Tache, the nominee for auditor, has proven himself most capable and efficient in the past and is very popular. His election is only a matter of time. Mr. Frater, the nominee for treasurer, is so universally popular, and is held in such high esteem, that he will probably have no opponent. A. Mahlum, nominee for register of deeds, is capable and efficient, and very strong, especially among the Scandinavians. His nomination adds strength to the ticket. H. Spalding, present incumbent and nominee for sheriff, needs no word of praise from us. He is as capable and efficient an officer as has ever held that position, and personally as popular a man as there is in the vicinity. Leon E. Lum, the nominee for county attorney, is another source of strength to the ticket. He has most efficiently served the county in this capacity before, and will undoubtedly do so again. Milton McFadden, as candidate for probate judge, and Prof. J. A. Wilson, of Crow Wing, as nominee for superintendent of schools, are particularly meritorious selections, both gentlemen being tried and found capable in their respective positions. R. K. Whiteley and J. N. Nevers, nominees respectively for the positions of surveyor and court commissioner, are equally commendable. The selection of I. T. Dean as coroner could not be improved upon. Mr. Dean is especially qualified to fill this position, and he is popular with all classes. That he is a republican to the backbone, only a short conversation with him is necessary to convince the most skeptical. The selections for commissioners for the different districts meets with the hearty approval of their respective localities. Jerry Root, in the 1st, Henry Mahle, in the 3rd, and the popular, pleasant "Doc" Kimball in the 5th, if elected, will make most efficient and careful officials. Of their selection at the polls next November, in common with the rest of the ticket, we have not the slightest doubt. Wednesday's work places the party on the high road to victory. Let the good work go on and victory is a certainty.

HON. KNUTE NELSON,

Republican Candidate for Governor.

ON TO VICTORY.

Crow Wing County Republicans Turn Out to Listen to the Eloquence

Of Col. W. C. Plummer, Who Presents the Issues of the Campaign.

Hundreds of People Join in the Torchlight Procession.

Brainerd was in a blaze of glory on Wednesday evening the occasion being a republican rally at the opera house, at which Col. W. C. Plummer of North Dakota addressed the meeting. The marching clubs were out in full force, and in numbers surprisingly large, considering that it was the first occasion of this kind in the campaign. To say that the republicans turned out enthusiastically is putting it mild. At an early hour the crowd began to gather on sixth street in front of the republican headquarters, and long before the time of starting on the line of march the street was jammed with people. The air was full of republicanism and on all sides the expressions were heard that the rally about to take place was but the forerunner of the glorious victory in November. At 7:30 the various clubs from the Second, Third, Fourth and Fifth wards arrived, and the pent up enthusiasm found vent in rousing cheers. By this time the line was formed and the rear extended into the second ward near the city. Capt. W. A. M. Johnson and Dee H. Simmons, the marshals, gave the command to fall in and the platoons wheeled into line, headed by the Third Regt. Band and the Brainerd Flambane Club of fifty members, and moved down sixth street to Laurel. The sight was one which could not fail to excite the enthusiasm of every loyal citizen, and the principal streets through which the procession passed were lined by thousands of people who had assembled to witness the grand sight. When the procession reached the opera house the line was halted and the men in the line filed into the building which was already well filled, and many were unable to secure seats, the standing room was taken and large numbers were turned away.

At 9 o'clock chairman Frater introduced Col. Plummer who addressed the assembled audience for an hour in his pleasing style upon the issues of the day from a republican standpoint. The gentleman was greeted with rounds of applause and his convincing logic must have made his democratic hearers present wince as he drove the truths home. In referring to the democratic statement that the laboring men of this country were robbed he said:

Are you suffering for clothing? Is the American laborer, farmer or industrial son of toil robbed in any part of the United States? They will bring figures and so-called facts as long as that table so full of you that the son of toil in England and other countries is as well paid as here. Why is it, then that they seek wage rates here instead of staying at home?

England's freetrade policy has laid a leprous hand upon the industries of every country whenever possible. The democratic party stands upon the same plane as the Tory party of 1773. The Tory party would steal the shoes off a dead soldier. The democratic party would steal the pay away from the wage earners.

The financial and other vital questions were touched upon but lack of space will not permit us to touch further upon the speech.

After the meeting adjourned the procession moved up Front street and down sixth to the headquarters where they disbanded for the evening.

Why They Support Cleveland.

From the Minneapolis Tribune.

Minnesota democrats, especially those who served in the Union army, will be glad to learn that the stories of Mr. Cleveland's unpopularity in the South are false. He is just as dear to the hearts of the brigadiers, as he was in 1864 or 1865. For evidence the words of that widely circulated and very influential Southern democratic journal, the Memphis Appeal Avalanche may be cited. The South should support Cleveland and vote solidly against Harrison, says that able organ, because the latter has favored pension legislation "which has so increased the pension expenditures that it drains \$40,000,000 annually from the treasury. This drain of \$40,000,000 is exhausting the energies of the South, and, in connection with the tariff taxes, has reduced the Southern farmer to a condition of actual want. The continuation of Benjamin Harrison in the presidential chair opens the way for a still further looting of the treasury. A service pension bill will be passed before long unless the

people drive of the looters."

The Durham (N. C.) Globe further elaborates the same idea and gives honest reasons for the South's affection for Cleveland as follows:

The pension fraud is a thief, and we repeat that no man can honestly defend it. The South has been taxed to death to pay this Grand Army of rascals—those bottle-necked bums who reach in the empty palm—and when Cleveland struck the beggars in the face he did a good business job. We hope to God that he may have a chance to hit 'em again. Vagrants and mendicants should be both vigorously slapped and kicked.

That Grover's war record is satisfactory to the democracy is still further evidenced by this statement in another issue of the same paper:

Some of the North Carolina papers are having about the positive fact that Grover Cleveland hired a cheap man to represent him when the North pillaged and plundered and burned and ravished the South. There could not be a better recommendation. The scamps of the North went into the war, went in for \$14 a month, with an explicit understanding that they should and could steal all that was in sight. Grover Cleveland knew that the country would need his services in 1864 and again in 1865, and he did not propose to have his body filled with lead in order to give a chance to the scamps to pick him off after he had been killed. He simply did a good business job as he did when he slapped the dirty beggars, called pensioners, in the face. Why should he—a scamp—have a recommendation?—take the chance of war, when he could hire a cheap fellow to represent him? There is no reason. The Globe regards that as one of the best things Cleveland ever did. It should have fought him would have been lowered in the estimation of the South. He did not propose to use his skill in killing the boys of the Southland. The solid South could be of gratitude to Grover Cleveland.

Sir Knute Adair is now stumping North Carolina and the Globe's enthusiastic praise of Cleveland is doubtless inspired by the presence of his running mate, whose war record is also highly satisfactory in the South.

The Raleigh Observer is slightly less rhetorical but equally emphatic when it says: Cleveland vetoed over 250 pension bills and allowed a large number to die by what is known as the "pocket veto." Because of this work Cleveland was defeated 4 years ago when he should have been re-elected but for the great amount of his pension veto work." That paper also declares that Mr. Cleveland's work will "draw upon him the fierce anger and hostility of the pensioners all over the North," and then begs them not to divide the forces, but to stand as one man by the men who had the bravery to stand by them, and says that it would be the blackest ingratitude for them to do otherwise; for Mr. Cleveland acted in the interest of the Southern farmers and courted defeat by standing up for Southern interests."

Mr. Cleveland's pension vetoes, with their rival ridicule of the sufferings of the men who enlisted instead of hiring substitutes and organizing hordes of Knights of the Golden Circle, have endeared him to the men of the Southland. There should be no uneasiness as to his popularity in that quarter.

THE WOMEN KNOW.

Protective Tariff Blessings Are Fully Understood in Minnesota Homes.

Our Women Know the Meaning of Free Trade or Tariff for Revenue Only.

An interesting, if not entirely novel, feature of the present campaign is the large attendance of women at the political gatherings which thus far have been held throughout the state. One of the large cities of the North and the opposing candidates for the governorship as well, have generally had the pleasure of addressing audiences containing a large representation of women, who are not less attracted by mere curiosity, but by a sincere desire to inform themselves about the questions at issue between the contending parties. Old campaigners have been lately surprised by the evidence of a spontaneous awakening of an active interest in politics among the women of the state.

There are good and substantial reasons for this political uprising among the gentler sex. The great controversy of the campaign, the tariff issue, is pre-eminently a question of the household. It cannot fool a question that concerns the women of the land even more than the men, because the sufferings entailed by a bad tariff system as well as the blessings of a good tariff law are felt most keenly by them. They are, moreover, better equipped mentally than are the men for passing judgment on a practical question like that of the tariff as submitted in the present campaign for the decision of the people. A girl orator may mislead even a sensible man by plausible theories, instigating logic and bold assertions. He cannot fool a woman. She knows ten times more about the McKinley law than all the Democratic orators "doing the state put together." She may not be able to discuss its underlying principles with as much fluency as they, but her knowledge of its practical results is more thorough and reliable. She is the treasurer of the home. She—that is to say, most of the women wives of the state—held this position before the McKinley law was enacted, and she has held it ever since. She knows what she knows that, whether prices have risen or decreased. No Democratic speaker, be he ever so convincing, can persuade her that the McKinley law has added to the burdens of the people, because she knows that it has made living cheaper. It did not take her long to find out that putting sugar on the free list had the effect of lessening her household expenses by at least five dollars a year, and her information is just as accurate and specific in regard to scores of other articles commonly used in every American home.

No can she be deceived as to the true meaning of free trade or tariff. Experience has taught her, especially her recent experience with the price of sugar, that a revenue tariff inevitably

The Bubble Blower.

Ignatius Donnelly: Of course there's nothing in these things but they may fool some one and help me to a soft nap.

Knute Nelson: Don't you believe it "Ig." People are not so easily fooled. They'll burst as all your bubble have for fifty years past.

increases the cost of living, while a protective tariff makes living cheaper. The assertion that the duty is added to the cost of the article, she knows to be true of revenue tariff, but not of a tariff for protection.

The political interest manifested by the women of the state is a most encouraging sign of the times. It shows that the strong, if generally silent, forces of the home have been aroused to activity by the reckless assault on the happiness of our homes. The Republican cause is in safe keeping in the hands of the mothers, wives and sisters of the commonwealth.

Mrs. David Maxwell died at her home in Maple Grove, on Monday afternoon, of typhoid fever. The funeral took place on Wednesday at Dagget Brook. She leaves a husband and three children to mourn her loss.

Democratic Club Meeting.
A meeting of the faithful of the democratic party was held in Cale's hall last evening, to listen to an address by Joseph Licht, democratic candidate for state treasurer. Although we were not present we are informed that Mr. Licht appealed to all Germans to vote the democratic ticket because the republican party had pledged itself to local option. Of course this is not true, but what does the average democrat care about the truth when he is trying to get votes.

A German democratic club was also organized with R. Ilse, president; A. Rosenberg, vice president; Wm. Pfeiffer, secretary; and Wm. Falkenreich, treasurer. We were informed that a membership of 80 was secured, but this information came from a democratic source, which means that possibly a third or a fourth of that number was secured. The magnitude of the republican demonstration on Wednesday night has thrown the average democrat into a fit, and they feel as though they ought to do something.

ANOTHER NEW INDUSTRY.

A Hard Wood Saw Mill to be Constructed Above the Dam This Fall.

"It never rains but it pours" is an old saying, the truth of which has been fully exemplified by the developments in this city the past week or two. Last week we had the pleasure of recording two new business enterprises for the development of our city, and this week we have still another, the immediate construction of a hard wood saw mill just above the dam. The promoter of this enterprise is S. W. Seales, of this city, who owns a large amount of hard wood stumpage above us on the river, and has secured the refusal of all the hard wood stumpage of the N. P. Railroad north of here at a figure which would make its manufacture here profitable. He also expects to get all the hard wood stumpage owned by the Northern Mill Co., the logs to be brought here by the new railroad company. The mill will not be a large one, containing one circular saw, with a capacity of, from 12 to 15 thousand feet of hard wood a day or about 25 thousand feet of pine. It will give constant employment, winter and summer, to between 15 and 20 men. While this is not an enterprise of great magnitude, every little helps. One enterprise brings another, and in this way it may be more benefit than simply the amount of capital it employs or the labor it produces. Mr. Seales, who is interested in and buys the out put of several small mills on the river above here, informed a Dispatch representative that a ready market could be found for all the lumber that they could secure, and they were several hundred thousand feet back of their orders at the present writing.

Died of Heart Disease.
Mrs. Bulah Williams, of Omaha, formerly Mrs. George Whitney, of this city, mother of Mrs. Henry Spalding, died suddenly at her home in Omaha last Friday of heart disease. Mrs. Spalding was notified of her mother's death by wire, and left on the first train for Omaha, where she had the remains embalmed and brought to this city for burial. The funeral services occurred at the Episcopal church on Tuesday, the Rev. Geo. H. Davis officiating. The deceased was 47 years of age and resided in this city for several years previous to 1881, when she left here, conducting a millinery business at Port Arthur, Canada, for a time. While here she was engaged in the millinery business in the store room now occupied by J. M. Hayes' grocery.

REPUBLICAN CONVENTION.

A Full Set of County Officers Placed in Nomination.

A Most Harmonious Gathering, Foretelling Certain Victory at the Polls in November.

The first delegate republican county convention for the nomination of a straight county ticket has been held, and a ticket composed of men of great strength and popularity has been placed in nomination. Drawing party lines is a new departure in county politics, but we believe it is a wise one, and will have a tendency to strengthen the party on state and national issues. Party lines were first drawn in city politics at the last election, and the result has been the strongest and best city administration Brainerd has ever had, and republicans generally believe that a like effect will be produced in county matters by this move.

The convention met pursuant to call of the county committee at the Republican League Club rooms on Wednesday afternoon at 3 p. m. The meeting was called to order by A. J. Halsted, chairman of county committee, who read the call authorizing the convention. On motion R. H. Paine was elected temporary chairman and F. W. Wieland temporary secretary.

It was moved and carried that a committee of five on credentials be appointed by the chair, and the chairman appointed the following named gentlemen: A. F. Ferris, F. S. Parker, J. L. Berg, Chas. Kretsch and A. T. Kimball.

A recess was then taken while the committee on credentials retired to formulate a report.

The committee on credentials reported the following gentlemen as entitled to seats in the convention:
First Ward—F. W. Wieland, J. S. Gardner and Wm. Erb.
Second Ward—A. F. Ferris, M. Hagberg, S. H. Parker, Jas. McMurtrey and N. H. Ingerson.

Third Ward—F. S. Parker, Ed. Breheby and Ed. Breheby proxy for Wm. H. Meekins.

Fourth Ward—T. W. Crawford, P. G. Fogelstrom and Albert Anderson.

Fifth Ward—R. H. Paine, Henry Mahle and Jas. Willis.

Bay Lake—David Archibald.

Long Lake—John McNichols.

Fairbanks—L. M. Phelps.

Oak Lake—J. A. Birby.

Deerwood—Robt. B. Coffin.

Maple Grove—Jas. S. Chrysler.

Garrison—David Dykeman.

Mooreville—J. L. Berg and Jerry Root.

Pine River—A. T. Kimball.

By a mistake in making out the credentials of the fifth ward delegates the name of Jas. Willis was substituted for Iver Benson, who was elected at the caucus the night before. This being explained to the convention, Mr. Benson's name was substituted for Mr. Willis, after which the report of the committee was on motion adopted.

On motion the temporary organization was made permanent.

The chairman then announced that nominations for delegates to the Little Falls district convention were in order, and the following gentlemen were nominated: A. F. Ferris, R. H. Paine, Ed. Breheby, J. L. Berg, J. A. Wilson, N. H. Ingerson, C. E. Chipperfield and John Parsons. There being no further nominations the above named gentlemen were elected by acclamation.

Nominations for auditor were declared in order, and Louis Tache, the present incumbent was placed in nomination. There being no further nominations Mr. Tache was declared the nominee.

Next nominations for treasurer were called for, and J. T. Frater was placed in nomination and declared the nominee, no other names being presented.

Nominations for sheriff being in order Henry Spalding's name was placed in nomination. To the surprise of everyone there was no opposition and Mr. Spalding was nominated by acclamation.

Leon E. Lum was declared the nominee for county attorney there being no other nominations.

For probate judge Milton McFadden was declared the nominee there being no opposition.

Nominations for county surveyor were next called for and the first called for a nomination occurred. R. E. Whiteley, George Bartlett and L. E. Garrison were placed in nomination. The chairman appointed M. Hagberg, J. A. Wilson and F. S. Parker tellers and a ballot was ordered. The first ballot resulted in 13 votes for Whiteley, 12 for Bartlett and 1 for Garrison. No one receiving a majority a new ballot was ordered which resulted as follows: Whiteley 18, Bartlett 10 and Garrison 1. Mr. Whiteley having received a majority of all the votes cast he was declared the nominee.

Next nominations for superintendent of schools were called for, and Prof. J. A. Wilson was nominated by acclamation.

For coroner the names of I. T. Dean and A. G. Gallup were placed in nomination. A ballot was ordered which resulted in 23 votes for Dean, 5 for Gallup and 1 for A. E. Voon. Mr. Voon having received a majority of the votes cast was declared the nominee.

J. N. Nevers was then nominated as court commissioner by acclamation, which concluded the work of the convention except the nominations for commissioner by the delegates of the respective districts. The deliberations of the delegates for the different districts resulted in the selection of the following named gentlemen:
1st District—Jerry Root.
3rd District—Henry Mahle.
5th District—A. T. Kimball.

DISTRICT COURT.
The Sept. term of the district court opened last Monday, with Judge G. W. Holland presiding. The grand jury found no indictments, and was discharged on Tuesday. While in session they inspected the Mississippi river bridge and visited the poor farm. They made the following report:

To the Court: The grand jury having visited the Mississippi River Bridge for the purpose of inspecting the same, would respectfully call the attention of the court and the county commissioners to the present bad and dangerous condition of said bridge, and recommend that the county commissioners employ an expert bridge builder to more thoroughly inspect the said bridge and report to them upon the condition thereof with a view of placing the same in a safe condition for travel.

And we would respectfully report further that we have this day visited the county poor farm and are pleased to report that we found the same in a good condition and that the farm is well conducted and that great credit is due to Mr. J. A. Birby, the overseer of said farm, for the excellent condition of the same.

Democratic Club Meeting.

A meeting of the faithful of the democratic party was held in Cale's hall last evening, to listen to an address by Joseph Licht, democratic candidate for state treasurer. Although we were not present we are informed that Mr. Licht appealed to all Germans to vote the democratic ticket because the republican party had pledged itself to local option. Of course this is not true, but what does the average democrat care about the truth when he is trying to get votes.

A German democratic club was also organized with R. Ilse, president; A. Rosenberg, vice president; Wm. Pfeilfin, secretary; and Wm. Falkenreich, treasurer. We were informed that a membership of 80 was secured, but this information came from a democratic source, which means that possibly a third or a fourth of that number was secured. The magnitude of the republican demonstration on Wednesday night has thrown the average democrat into a fit, and they feel as though they ought to do something.

ANOTHER NEW INDUSTRY.

A Hard Wood Saw Mill to be Constructed Above the Dam This Fall.

"It never rains but it pours" is an old saying, the truth of which has been fully exemplified by the developments in this city the past week or two.

Last week we had the pleasure of recording two new business enterprises for the development of our city, and this week we have still another, the immediate construction of a hard wood saw mill just above the dam.

The promoter of this enterprise is S. W. Searles, of this city, who owns a large amount of hard wood stumps above us on the river, and has secured the refusal of all the hard wood stumps of the N. P. Railroad north of here at a figure which would make its manufacture here profitable. He also expects to get all the hard wood stumps, owned by the Northern Mill Co., the logs to be brought here by the N. P. railroad, a very favorable freight rate having already been secured from the new railroad company. The mill will not be a large one, containing one circular saw, with a capacity of from 12 to 15 thousand feet of hard wood a day or about 25 thousand feet of pine. It will give constant employment, winter and summer, to between 15 and 20 men. While this is not an enterprise of great magnitude, every little helps. One enterprise brings another, and in this way it may be more benefit than simply the amount of capital it employs or the labor it produces. Mr. Searles, who is interested in and buys the stump out of several small mills on the river above here, informed a Dispatch representative that a ready market could be found for all the lumber that they could secure, and they were several hundred thousand feet back of their orders at the present writing.

Died of Heart Disease.

Mrs. Bulah Williams, of Omaha, formerly Mrs. George Whitney, of this city, mother of Mrs. Henry Spalding, died suddenly at her home in Omaha last Friday of heart disease. Mrs. Spalding was notified of her mother's death by wire, and left on the first train for Omaha, where she had the remains embalmed and brought to this city for burial. The funeral services occurred at the Episcopal church on Tuesday, the Rev. Geo. H. Davis officiating. The deceased was 47 years of age and resided in this city for several years previous to 1884, when she left here, conducting a millinery business at Port Arthur, Canada, for a time. While here she was engaged in the millinery business in the store room now occupied by J. M. Hayes' grocery.

REPUBLICAN CONVENTION.

A Full Set of County Officers Placed in Nomination.

The emperor of China is the supreme head of his subjects, and is supposed to receive his instructions as to the management of the vast territory committed to his charge by decree from heaven. He is considered by his subjects as being second only to the Almighty God, and to be the connecting link between themselves and the Almighty.

The manufacture of an artificial india-rubber has lately been protected by patent. The component parts of this composition are manila gum, benzene, bitumen and resin oil. Two young New York doctors, Byron and Abbott, who have gone voluntarily into the cholera at Swineburne island, are sustained by good courage and a theory that cholera cannot be inhaled, no matter how loaded with the poison the atmosphere may be. So confident are they that they keep clean they can keep healthy that they hazard their lives upon their opinion. Should they die they are as well entitled to the name as any who ever died in battle.

A SINGING rat has made its appearance in Valdosta, Ga. Several people have heard its musical notes on numerous occasions. The strange little rodent makes its headquarters in W. H. Briggs & Son's store on Patterson street, and occasionally during the day it will appear on the shelves singing like a bird. The Messrs. Briggs, Mr. Harris, who clerks for them, and President Ashley, of the National bank, have heard it sing and testify to the truthfulness of this report.

STATISTICS have been gathered to prove that consumption is one of the prime causes in the decrease of the Indian population of the country, and then the collector of the data calls to question the wisdom of prescribing an outdoor existence for victims of pulmonary complaints. The Indian lives in a way that would kill an ordinary tree in a short time, and no white man could follow his example and live at all. It is not outdoor life but every unwholesome form of excess that gives the Indian consumption.

IG. DONNELLY ROASTED.

THAT MONUMENTAL HUMBUG HANDLED WITHOUT GLOVES.

The Checkered Career of a Man Whose Whole Life Has Been Spent in Office-Seeking and Political Intrigue.

The Brilliant Record of Senator C. K. Davis.

Amidst all the turmoil, trouble and tribulations incident to a grave political contest throughout the nation, it is comforting to think that the Republican party has a man of such a solid front, during the campaign of 1892.

There are no disgruntled Platts or Hills to be placated in the North Star State. The only dead wood that is left to stumble over in the onward march of the grand old party to victory, is the calamity howlers who deserted the ranks two years ago, and are to-day whistling the Rogue's March to keep their courage up, while the people are getting their Republican ballots ready in the midst of the intensest prosperity such as has been known in this country.

The only leader of prominence who remains to the so-called People's Party is Ignatius Donnelly. He is a man of great ability, and his political history of the republic.

He is a singular production of nature, possessing large intellectual capacity, but in the conduct of his life and monumental failure. Only for the ornamental purposes of his life, he is entirely useless, and he is a failure in every other respect.

His career is simply monumental. He loves himself as the bridegroom does upon his bride. And the result is a life of failure and defeat.

He is a singular production of nature, possessing large intellectual capacity, but in the conduct of his life and monumental failure. Only for the ornamental purposes of his life, he is entirely useless, and he is a failure in every other respect.

Democratic Club Meeting.

A meeting of the faithful of the democratic party was held in Cale's hall last evening, to listen to an address by Joseph Licht, democratic candidate for state treasurer. Although we were not present we are informed that Mr. Licht appealed to all Germans to vote the democratic ticket because the republican party had pledged itself to local option.

Of course this is not true, but what does the average democratic care about the truth when he is trying to get votes?

A German democratic club was also organized with R. Ise, president; A. Rosenberg, vice president; Wm. Pfeiffer, secretary; and Wm. Falkenreich, treasurer. We were informed that a membership of 80 was secured, but this information came from a democratic source, which means that possibly a third or a fourth of that number was secured. The magnitude of the republican demonstration on Wednesday night has thrown the average democrat into a fit, and they feel as though they ought to do something.

ANOTHER NEW INDUSTRY.

A Hard Wood Saw Mill to be Constructed Above the Dam This Fall.

"It never rains but it pours" is an old saying, the truth of which has been fully exemplified by the developments in this city the past week or two. Last week we had the pleasure of recording two new business enterprises for the development of our city, and this week we have still another, the immediate construction of a hard wood saw mill just above the dam.

The promoter of this enterprise is S. W. Seardis, of this city, who owns a large amount of hard wood stumpage above us on the river, and has secured the refusal of all the hard wood stumpage of the N. P. Railroad north of here at a figure which would make its manufacture here profitable. He also expects to get all the hard wood stumpage owned by the Northern Mill Co., the logs to be brought here by the new railroad, a very favorable freight rate having already been secured from the new railroad company. The mill will not be a large one, containing one circular saw, with a capacity of from 12 to 15 thousand feet of hard wood a day or about 25 thousand feet of pine. It will give constant employment, winter and summer, to between 15 and 20 men. While this is not an enterprise of great magnitude, every little helps. One enterprise brings another, and in this way it may be of benefit than simply the amount of capital it employs or the labor it produces. Mr. Seardis, who is interested in and buys the output of several small mills on the river above here, informed a Dispatch representative that a ready market could be found for all the lumber that they could secure, and they were several hundred thousand feet back of their orders at the present writing.

Died of Heart Disease.

Mrs. Bulah Williams, of Omaha, formerly Mrs. George Whitney, of this city, mother of Mrs. Henry Spalding, died suddenly at her home in Omaha last Friday of heart disease. Mrs. Spalding was notified of her mother's death by wire, and left on the first train for Omaha, where she had the remains embalmed and brought to this city for burial. The funeral services occurred at the Episcopal church on Tuesday, the Rev. Geo. H. Davis officiating. The deceased was 47 years of age and resided in this city for several years previous to 1894, when she left here, conducting a millinery business at Port Arthur, Canada, for a time. While here she was engaged in the millinery business in the store room now occupied by J. M. Hayes' grocery.

REPUBLICAN CONVENTION.

A Full Set of County Officers Placed in Nomination.

A Most Harmonious Gathering, Foretelling Certain Victory at the Polls in November.

The first delegate republican county convention for the nomination of a straight county ticket has been held, and a ticket composed of men of great strength and popularity has been placed in nomination. Drawing party lines is a new departure in county politics, but we believe it is a wise one, and will have a tendency to strengthen the party on state and national issues. Party lines were first drawn in city politics at the last election, and the result has been the strongest and best city administration Brainerd has ever had, and republicans generally believe that a like effect will be produced in county matters by this move.

The convention met pursuant to call of the county committee at the Republican League Club rooms on Wednesday afternoon at 3 p. m. The meeting was called to order by A. J. Halsted, chairman of county committee, who read the call authorizing the convention. On motion R. H. Paine was elected temporary chairman and F. W. Wieland temporary secretary.

It was moved and carried that a committee of five on credentials be appointed by the chair, and the chairman appointed the following named gentlemen: A. F. Ferris, F. S. Parker, J. L. Berg, Chas. Kretsch and A. T. Kimball.

A recess was then taken while the committee on credentials retired to formulate a report.

The committee on credentials reported the following gentlemen as entitled to seats in the convention: First Ward—F. W. Wieland, J. S. Gardner and Wm. Erb.

Second Ward—A. F. Ferris, M. Hagberg, W. H. Parker, Jas. McMurry and N. H. Ingerson.

Third Ward—F. S. Parker, Ed. Breheny and Ed. Breheny proxy for Wm. H. Meekins.

Fourth Ward—T. W. Crawford, G. Fogelstrom and Albert Anderson.

Fifth Ward—R. H. Paine, Henry Mahle and Jas. Willis.

Bay Lake—John Archibald.

Long Lake—John McMichals.

Fairbanks—E. M. Phillips.

Oak Lawn—J. A. Birby.

Deerwood—Robt. B. Coffin.

Crow Wing—J. A. Wilson.

Davenport—Chas. Kretsch.

St. Mathias—John James.

Kennedy—J. E. Ireland.

Maple Grove—Jas. S. Chrysler.

Garrison—David Dykeman.

Mooreville—J. L. Berg and Jerry Root.

Pine River—A. T. Kimball.

By a mistake in making out the credentials of the fifth ward delegates the name of Jas. Willis was substituted for Iver Benson, who was elected at the caucus the night before. This being explained to the convention, Mr. Benson's name was substituted for Mr. Willis's, after which the report of the committee was on motion adopted.

On motion the temporary organization was made permanent.

The chairman then announced that nominations for delegates to the Little Falls district convention were in order, and the following gentlemen were nominated: A. F. Ferris, R. H. Paine, Ed. Breheny, J. L. Berg, J. A. Wilson, N. H. Ingerson, C. E. Chipperfield and John Parsons. There being no further nominations the above named gentlemen were elected by acclamation.

Nominations for auditor were declared in order, and Louis Tache, the present incumbent was placed in nomination. There being no further nominations Mr. Tache was declared the nominee.

Next nominations for treasurer were called for, and J. T. Frater was placed in nomination and declared the nominee, no other names being presented.

A. Mahlum being the only name placed in nomination for Register of Deeds he was declared the nominee.

Nominations for sheriff being in order Henry Spalding's name was placed in nomination. To the surprise of everyone there was no opposition and Mr. Spalding was nominated by acclamation.

Leon E. Lum was declared the nominee for county attorney there being no other nominations.

For probate judge Milton McFadden was declared the nominee there being no opposition.

Nominations for county surveyor were next called for and the first contest for a nomination occurred. R. K. Whiteley, George Bartlett and L. E. Garrison were placed in nomination. The chairman appointed M. Hagberg, J. A. Wilson and F. S. Parker tellers and a ballot was ordered.

The first ballot resulted in 13 votes for Whiteley, 12 for Bartlett and 1 for Garrison. No one receiving a majority a new ballot was ordered which resulted as follows: Whiteley 18, Bartlett 10 and Garrison 1. Mr. Whiteley having received a majority of all the votes cast he was declared the nominee.

Next nominations for superintendent of schools were called for, and Prof. J. A. Wilson was nominated by acclamation.

For coroner the names of I. T. Dean and A. G. Gallup were placed in nomination. A ballot was ordered which resulted in 23 votes for Dean, 5 for Gallup and 1 for A. E. Veon. Mr. Veon having received a majority of the votes cast was declared the nominee.

Next nominations for commissioner of court commissioner by acclamation, which concluded the work of the convention except the nominations for commissioner by the delegates of the respective districts. The deliberations of the delegates for the different districts resulted in the selection of the following named gentlemen:

1st District—Jerry Root.

2nd District—Henry Mahle.
